## LASER WHITENING

BEFORE

**Name:** Angelina Marzano

**Age:** 28

**Occupation:** Writer

**Where from:** London

**Time it takes:** One hour

**Price:** £500

**Try laser whitening if:** Teeth have become stained by food, drink and cigarettes

**Before:** 'Getting my teeth whitened was something I had wanted for years. As soon as I set the date for my wedding, I knew it was the right time to go for it. I knew having my teeth whitened would give me confidence.'

**During:** As I have sensitive teeth, I was a bit nervous about whether it would be painful but it didn't hurt a bit. The doctor carefully applied the whitening gel to my teeth before turning the lamp on for half an hour. Then she removed all the gel and re-applied, repeating the same procedure three times.'

**After:** 'The results were instant and even though my mouth ached, I was delighted about how white they were, and the sensation soon passed'.

**Lasting results:** 'I was able to enjoy the happiest day of my life and I also invested in the get2smile top up kit from the clinic to ensure I could upkeep the whiteness when the red wine started staining again.'

**Verdict:**

‘As I walked down the aisle, I could beam confidently at my friends and family. My husband is now having his teeth done too’
